## Employee Selection Process

– *Protecting YOUR interests...*

Bryco Services believes in hiring the right person for the right job, every time. With this philosophy we can help assure that our employees are a good fit for their job and a good fit for our company and clients. Our stringent selection process helps us achieve this goal.

- 🟢 Submit completed employment application
- 🟢 County background check
- 🟢 Initial interview
- 🟢 Thorough reference check and verification of employment history
- 🟢 Second interview
- 🟢 Social security verification
- 🟢 National criminal history check by third party firm
- 🟢 All employees are required to wear company uniforms
- 🟢 All Bryco Services employees are legal citizens and we maintain workers' compensation insurance and pay appropriate payroll taxes; our employees are not independent contractors

## Swine Flu & Pandemic Planning

– *Reducing YOUR risks...*

Choosing the right janitorial service provider should significantly reduce your chances of transmitting serious viruses in your facility. Bryco Services has solid steps in place to help keep our clients safe:

- 🟢 Thorough Training Programs
  - Policy & Procedure Class
  - New Employee Orientation Course
  - Cleaning Specialist Training Course
  - Routine supervisor visits and evaluations
  - Blood Borne Pathogens Training
  - Prevention of Cross Contamination Class
  - Ongoing training via company staff and safety meetings
- 🟢 Professional hospital-grade chemical disinfectants
  - Kills H1N1 (Swine Flu), MRSA, Hepatitis B & other harmful viruses
  - AHP Hydrogen Peroxide technology with a one minute kill time
  - Micro-fiber cleaning processes offer new, faster and safer cleaning methods

## Green Cleaning

It's time everyone starts to consider the environment in their decision making process. Bryco Services is dedicated to becoming an advocate for our environment by offering green cleaning programs. The benefits of green cleaning include:

- 🟢 Reducing chemical exposure to staff and customers
- 🟢 Reducing irritants in your facility
- 🟢 Providing a sustainable, healthy alternative
- 🟢 Biodegradable products that reduce our carbon footprint
- 🟢 Bryco Services buys most of its chemicals in concentrate form, reducing shipping costs and packaging waste

Bryco Services offer programs that are Green Seal certified and can help to achieve LEED certification for your facility.
